### **DESCRIPTION OF FACILITY CHARACTERISTICS:**

### Mission Statement of the Michigan Department of Health and Human Services

Child welfare professionals will demonstrate an unwavering commitment to engage and partner with families we serve to ensure safety, permanency, and well-being.

### Holy Cross Children's Services (HCCS) MISSION

The M L King House operates as a facility of the Holy Cross Children's Services (HCCS). HCCS is a Catholic-oriented, non-profit child care and family preservation organization headquartered in Clinton, Michigan. HCCS conducts residential and community-based programs throughout the State of Michigan. Its purpose is to serve the needs of Michigan families and children without regard to race, creed or economic status. HCCS is a member of Boysville of Michigan, Inc.

HCCS seeks to provide for the social, emotional, educational, economic and spiritual needs of its clients and co-workers with the goal of empowering children and families to function effectively in their community. HCCS provides a community-oriented living and working environment and seeks to be an effective advocate on issues which affect children and families. HCCS maintains programs which incorporate peer influence, individual attention, family involvement, formal education and co-worker team work.

#### **HCCS PURPOSE**

HCCS provides temporary residence, supportive post residential services, in-home family based, specialized foster family, and other community based programs, for troubled and neglected young people, who can benefit from the therapeutic experience provided by the Agency. In accepting a young person for treatment, HCCS does not become a substitute family. Instead, it becomes an environment where both the young person and his or her family can reassess their relationship and build anew.

HCCS has as its primary goal the strengthening and reunification of each family unit, it continues to investigate, develop and implement new programs to advance this goal.

All members of the HCCS community recognize that their primary obligation is to the well-being of the youth and families they serve. Therefore, all are desirous of working toward the creation and maintenance of conditions which are conducive to the delivery of the highest level of professional services.
